

Are you a mover and shaker in field of clinical trial supply? Then come and join us.

Heidelberg Pharma AG is a biopharmaceutical company based in Ladenburg near Heidelberg. Heidelberg Pharma AG is listed at the Frankfurt Stock Exchange in the Regulated Market/Prime Standard. Our main goal is to develop drugs against cancer. Our focus is primarily on the ongoing development of our innovative ATAC (Antibody Targeted Amanitin Conjugate – ATAC) platform technology based on the active ingredient Amanitin.

We are looking to hire a

Clinical Trial Supply Manager (f/m/d)

in a full-time or part time (approx. 32 hours/ week), permanent position.

Location: Ladenburg near Heidelberg or home based (Germany)

What awaits you:

- You create and maintain accurate clinical supply demand for assigned studies.
- You define and develop appropriate supply strategies for clinical trial supplies, e.g. labelling requirements, packaging design/layout, depot structure and distribution setup for global clinical trials, together with the relevant multiple internal (e.g. CMC) and external interfaces.
- You manage and monitor external vendors for IMP labelling packaging, storage, comparator sourcing and logistics.
- You participate in the vendor selection processes, vendor and contract management as well as budget monitoring processes.
- As a member of the core team, you will represent the Clinical Operations Department at Project Team Meetings (PTMs) from the perspective of clinical trial supply.
- You define clinical supply parameters for IRT system setup and perform user acceptance testing (UAT) - supply role in IRT system.
- You manage and track IMP inventories and train other team members in this field.

What we expect:

- You hold a degree in Life Sciences, Pharmacy, Chemical Engineering, Bioengineering or Supply Chain with more than 2 years of experience in the pharma or CRO field.
- Experience in GxP (GMP, GDP, GCP) is required for this position.
- You are committed to work in the highly regulated area of pharmaceutical development.
- You are a highly motivated problem solver and have a proactive personality with the ability to work in a multi-cultural team as well as self-dependent.
- You possess organizational talent with excellent communication skills and a sense for details.
- You have good knowledge of MS Office applications.

- Fluent Business English and good command of German language (each spoken and written) complete your profile.

What we offer:

- We offer the opportunity to work in an international team. Here, you will have the opportunity to develop your place in the team.
- As part of a professional team, you will contribute to the research and development of medicines against cancer. You can expect a professional working environment with highly motivated employees and a friendly and welcoming working atmosphere.
- We attach great importance to giving you the opportunity to develop your potential and thus contribute to the success of our company. To this end, we support you with training opportunities as well as a specialist and management career concept.
- We care about the health of our employees: compatibility of family and career, company pension scheme, measures for company health management (e.g. additional preventive medical examinations as part of company health insurance policy, active break, bike leasing) as well as the possibility to continue working safely despite COVID-19 are of great importance to us.

Have we sparked your interest?

Then please send your detailed application exclusively by email and in one pdf to our Human Resources Department at

jobs@hdpharma.com

Please specify your salary expectations and earliest possible starting date.

Only together can we slow down the global spread of COVID-19 and protect our society. Therefore, the first round of our interviews will be conducted via telephone or video. We look forward to getting in touch with you!
